FHA will allow borrowers to purchase Private Flood Insurance (PFI) on properties located in eligible Special Flood Hazard Areas (SFHA).

Definitions: Flood Insurance refers to insurance provided by a National Flood Insurance Program (NFIP) or a PFI policy that covers physical damage by floods.

Property Eligibility: To be eligible for FHA insurance, a property located in an SFHA must be in a community that participates in the National Flood Insurance Program (NFIP) and has NFIP available, regardless of whether the Borrower obtains NFIP coverage.

Lenders must ensure borrowers obtains and maintains Flood Insurance. For properties located within an SFHA, Flood Insurance must be maintained for the life of the Mortgage in an amount at least equal to the lowest of the following:

- 100 percent replacement cost of the insurable value of the improvements, which consists of the development or project cost less estimated land cost;
- the maximum amount of NFIP insurance available with respect to the particular type of property; or
- the outstanding principal balance of the Mortgage.

Requirements for PFI: If the Borrower purchases a PFI policy in lieu of an NFIP policy, the Mortgagee must ensure the PFI policy meets the following requirements:

- is issued by an insurance company that is licensed, admitted, or otherwise approved to engage in the business of insurance in the state or jurisdiction in which the property to be insured is located, by the insurance regulator of the state or jurisdiction; or, in the case of a policy of difference in conditions, multiple peril, all risk, or other blanket coverage insuring nonresidential commercial property, is recognized, or not disapproved, as a surplus lines insurer by the insurance regulator of the state or jurisdiction where the property to be insured is located
- provides Flood Insurance coverage that is at least as broad as the coverage provided under a standard Flood Insurance policy under the NFIP for the particular type of property, including when considering exclusions and conditions offered by the insurer
- includes deductibles that are no higher than the specified maximum, and includes similar non-applicability provisions, as under a standard flood insurance policy under the NFIP
- includes a requirement for the insurer to provide written notice 45 Days before cancellation or non-renewal of Flood Insurance coverage to the Borrower and the Mortgagee. In cases where the Mortgagee has assigned the loan to HUD, the insurer must provide notice to HUD and, where applicable, to the Borrower
- includes information about the availability of Flood Insurance coverage under the NFIP;
- includes a mortgage interest clause similar to the clause contained in a standard Flood Insurance policy under the NFIP
- includes a provision requiring the Borrower to file suit no later than one year after the date of a written denial for all or part of a claim under the policy; and
- contains cancellation provisions that are as restrictive as the provisions contained in a standard Flood Insurance policy under the NFIP.

PFI Compliance Guide

The Private Flood Insurance (PFI) Policy Compliance Aid is the statement: "This policy meets the definition of private flood insurance contained in 24 CFR 203.16a(e) for FHA-insured mortgages." The PFI Policy Compliance Aid may be made by the insurance provider, attesting that a PFI policy meets the requirements of Flood Insurance. The Mortgagee may rely on the PFI Policy Compliance Aid to determine whether a PFI policy meets the Flood Insurance requirements. A Mortgagee may not reject a policy solely because it is not accompanied by a PFI Policy Compliance Aid.
