## Correspondent and HFA URLA Frequently Asked Questions (FAQ) – 1160.30

Topic	Question	Response
<b>General Information and Implementation Timelines</b>		
<b>Background</b>	What is the Uniform Residential Loan Application (URLA)?	The URLA (also known as the Freddie Mac Form 65 / Fannie Mae Form 1003) is a standardized document used by borrowers to apply for a mortgage. The URLA is jointly published by the GSEs and has been in use for more than 40 years in all U.S. states and territories.
	Why was the URLA redesigned?	<p>Changes in the mortgage industry and the regulatory environment led the GSEs to reassess the information obtained at the time of loan origination. The URLA/ULAD initiative has the following objectives:</p> <ul style="list-style-type: none"> <li>Update the URLA form to collect loan application information that is relevant and useful to the industry in making a loan underwriting decision, as well as update the physical format and layout to enhance the collection of information and usability of the form.</li> <li>Develop and publish a corresponding standard dataset to support the URLA. The ULAD Mapping Document provides a cross reference for every field on the redesigned URLA to the equivalent data point(s) in the MISMO Version 3.4 Reference Model.</li> <li>Publish GSE-specific automated underwriting system (AUS) specifications for Desktop Underwriter® (DU®) and Loan Product Advisor® updated to MISMO v3.4 and including the redesigned URLA fields.</li> </ul> <p><b>Note:</b> The URLA redesign does <u>not</u> change a creditor's obligations to provide various loan disclosures soon after it receives a consumer's application.</p>
<b>Overall Industry Timeline</b>	What is the timeline for implementation by the Agencies?	Freddie Mac/Fannie Mae (the GSEs) will extend the implementation timeline for the redesigned Uniform Residential Loan Application (URLA) and automated underwriting systems (AUSs) to support the industry during the COVID-19 pandemic. <b>The new mandate date for the use of the redesigned URLA and AUS specifications is March 1, 2021.</b>
	What is the Limited Production Phase (LPP)?	<p><b>Limited Production Phase – August 1, 2020:</b> As announced in December 2019, the Limited Production Period can be thought of as a “test and learn” period. The GSEs will begin accepting the MISMO v3.4 loan application submission files in production on a limited basis. Lenders will have controlled access to the GSEs’ AUS production environments based upon validation of eligibility requirements and completion of the Partner Readiness Questionnaire.</p> <p>Only participants who have completed these prerequisites and received GSE approval will be allowed to submit loans using the redesigned URLA prior to its redesigned effective date of 1/1/21.</p>
	When does Open Production begin?	<p><b>Open Production – January 1, 2021:</b> Starting January 1, 2021, all lenders may submit the MISMO v3.4 loan application submission files to GSE-specific AUS production environments using the redesigned URLA. <b>NOTE:</b> Freddie Mac and Fannie Mae are updating the effective date in the footer of the redesigned URLA to 1/2021.</p>
	When is the Mandated Effective Date?	<p><b>March 1, 2021:</b> All lenders are required to submit the MISMO v3.4 loan application submission files to the GSEs’ AUS production environments using the redesigned URLA beginning March 1, 2021. <b>NOTE:</b> Freddie Mac and Fannie Mae will continue to process applications received prior to the mandate date within the AUS format on which they were initially submitted. A one-year run off old 1003's will run through March 1<sup>st</sup>, 2022.</p>
